

As everyone is aware - October is the National Breast Cancer Awareness Month. Our October meeting will be dedicated to Breast Cancer. The meeting will be held on October 17th, 2018. Jackie Bruno and Fran Yotsko will be hosting the meeting all geared towards women's health and breast cancer awareness.

This year we want to dedicate this meeting to our own Peg Miedel, who once again is battling this awful disease. We will be collecting donations for the Shirley Mae Breast Cancer Awareness fund and the money will be donated in Peg's name. We ask that everyone try their best to get donations from co-workers, families and friends that can be brought to the meeting that night. We have invited Annie Neustadter, the founder of the Shirley Mae foundation and daughter of Shirley Mae and a breast cancer survivor herself to the meeting. If she can make it we will present the donations to her at the meeting. Since it is a local foundation and a great cause – we hope everyone will contribute to this worthwhile cause.

We will be raffling off some very nice items to anyone who makes a donation of \$5 and more to this worthwhile cause. You do not have to be present at the meeting to win. Please pass this on to your co-workers, friend and family.

If you can't make the meeting you can send the donations to Fran Yotsko at the address below so that your name can be included in the drawings.

Thank you for you continued support.

Francine Yotsko
17 Sugarbush Drive
